

PHOTOGRAPHIC PRICE LIST

Roger Brightmore

Advertising / Commercial Photography (inc. fashion portfolio's, PR, location work)

Day rate - £650

Half day rate - £350

Hourly rate - £90

IT work per hour - £25 (if the complexity of the work is out of our range, our graphic design team could take it on however this may be more expensive)

Travel costing - if work is locally based within a round trip of 20 miles, no fee is charged. Journeys involving flights or distant car travel will be charged accordingly dependant on the area to negotiate.

Portrait Photography

A different price for portraits is based on the need of what subject matter the picture is required for. For example a company or agency could need a straightforward business picture of a Director or Manager, in which case you may want to refer to PR pricing (under Advertising Photography).

This can otherwise be catering for the new informal family portrait image, which is charged at a £90 photographic rate, then based on the print purchase below.

Size	Photographic print price	Canvas Price (canvas wrap)	Size	Photographic print price	Canvas Price (canvas wrap)
10"x8"	£45	£67.50	30"x20"	£150	£225
16"x12"	£75	£112.50	30"x24"	£180	£270
20"x16"	£125	£187.50	43"x27"	£200	£300

'Canvas wrap' is referring to the new modern print with the picture being canvas they literally wrap around the size of the frame.

Legal Photography

This is usually a small portfolio of shots taken for court cases in injury claims. We can supply what we call a package for this; 2 hours of Photography + 2 sets of six prints for each solicitor for ... £200.

Photographic Library

Working all over Europe, Roger Brightmore has a library of images to choose from, each use per image is £95 (if an image is required for a large campaign, prices can differ).

Art Shop

There's an online Creative Photography Art Shop that may fit in with your home or office decor, go to (www.rogerbrightmore.com) if your already inside the site then the cost of different sized prints are in the shop page, also, how to purchase online.

Scanning of old film images to digital high resolution files - £10 per image.
